

Controller Wire & Cables UF Control Wire - 600 Volt

UF Control Wire is recognized as underground feeder cable for direct earth burial in branch or feeder circuits. The insulation is highly resistant to acids,

alkalies, corrosive fumes, chemical lubricants and ground water.

- UL approved for direct burial
- *Regional Distribution*

Shielded Cable

Multi-pair direct burial shielded cable designed to carry signal for Irrigation Control Equipment.

Armored Cable

Same as shielded but with a .005" stainless steel helically wrapped armor over the core and direct burial sunlight resistant PVC jacket overall. This cable offers complete protection against gophers and other rodents.

22001340	P7171DA ARMORED CABLE 1000FT

Flat Pump Cable

UL listed Type THW heavy duty flat submersible pump cable is a multi-purpose cable with parallel, individually insulated, color coded conductors and an overall jacket.

ITEM	DESCRIPTION
22001510	12/3 W/GRD FLAT BLK PUMP 100FT
22001610	10/3 W/GRD FLAT BLK PUMP 100FT
22001710	8/3 W/GRD FLAT BLK PUMP 100FT

PE Jacketed Multi Conductor Irrigation Control Cable 300 Volt

Designed to send signals from irrigation control equipment.

- UL approved for direct burial
