FOR IMMEDIATE RELEASE

Ewing Appoints New Golf Sales Representative

June 15, 2007, Phoenix, AZ—Ewing Irrigation, Golf, & Industrial, is pleased to introduce a new member, Harold Neal, to its Golf Sales team. Neal's efforts will be focused on providing irrigation and agronomic support to golf courses, large contractors, and nurseries. Neal will be working out of Ewing's Tulsa branch, located at 10708 E. 61st St. in Oklahoma.

Neal joins Ewing with over 35 years of green-industry experience. After serving as a golf superintendent for 30 years, Neal opened his own irrigation repair, installation, and maintenance business—becoming a loyal Ewing customer—which he recently sold after maintaining the company for six years.

“Ewing has always been good to me, and I want to surpass their standards,” stated Neal. “When I was an outsider looking in, it was always evident that everyone at Ewing sincerely enjoyed what they did for a living and who they worked for. I am excited to now be a part of that.”

Along with his vast golf course and turf-industry knowledge and experience, Neal is a member of the Golf Course Superintendent Association of America (GCSAA) and the Oklahoma Golf Course Superintendent Association. He also serves as Councilman on the Sand Springs City Council, Commissioner for the Sand Springs Planning Commission, member of the Public Works Board and the Sand Springs Park Board, and representative for the Sand Springs Economic Development Authority in Sand Springs, Oklahoma.

Ewing Irrigation offers commercial and residential irrigation supplies, landscape and agronomic products, water management solutions, low-voltage lighting, erosion control, water features and industrial plastics to professionals serving the landscaping, turf, golf, and industrial industries. Ewing offers more than 170 convenient locations from coast to coast.
